"Your Dream, Our Reality!"

York Transnational is a Hongkong based company with offices in Russia, China & India. We are in the manufacturing and trading of perfume products for the last 22 years. During this period we have established very good trade contacts in Asia, Europe and the Far East regions.

For the last 5 years York Transnational in engaged in dealing with some of the large mono bloc Aluminum can manufactures in the region of Eurasia and Far Eastern countries and have been supplying aluminum cans to Russia. We act as a bridge between the manufacture and the fillers of aluminum cans and ensure that our clients get the best available quality at very competitive price.

We add value to the whole deal by controlling the quality and meeting the different requirements of the clients and suppliers. Since we source the cans from different manufacturers we can provide a wide range of sizes and shapes according to the need of the market. This also gives us an edge since we always keep updating ourselves with all the new shapes coming in the market and with the latest innovations happening at different manufacturers.

York Transnational offers a variety of Aerosol cans for different industries form the diameters ranging with 35 to 64 mm:

- Personal care industry (Cosmetics & Perfumes)
- Technical & Industrial usage
- Home care and household industry
- Pharmaceutical
